WHY LIVE ON A GOLF COURSE

There are a number of reasons why people choose to live within golfing precincts and funnily enough one of them in many cases is *not* because they like to play golf!

So then, what is the magnetism for golf course living?

It's often about security and living with "like minded" neighbours.

It's also about wide open spaces and tranquility which offer an air of exclusivity.

There are many other reasons, however, one of the most important would have to be that residents within golfing estates feel they are part of a crime free oasis.

How easy is that to sell!
